Barrack Obama	100.00%	NA
Little Women	60.00%	NA
Dracula	60.00%	NA
Total	80%	NA

The primary purpose of the ReadAlongs section is to test your reading skills in the event of 'unaided recall', wherein you cannot refer to the passage and must learn to automatically retain as much information as possible in the process of reading an essay or excerpt.

You were able to identify the correct answer **80%** of the time and thus have little to no difficulty in comprehending the content. Because you completed less than 6 of the 26 ReadAlongs which were available to you, we are unable to assess your unaided recall improvement over time. Going forward, You need to make reading a part of daily/weekly routine and should focus on reading longer articles and books in order to build attention span, knowledge retention and unaided recall. This is a critical skill that affects many competencies including self-learning, decision making and knowledge transformation.
